Dear Sister

How are you and the family doing, we are fine or as fine as we can be in the "belly of the beast".

Yes - I would like you to circulate my article as much as possible and if you can get the sisters to take notes or send their comments please do - it would be best for them to pass them on to you and you in turn to me. I feel the paper is too brief at this point but there are certain concepts in there that I would like to get their reactions to before I broaden it. I feel it can be a basis for discussion. I can also use it to see where certain sisters are and if I should establish contact with them or no. This is very important. ~~the you~~ There is one correction I have noted.

Are you in touch with Connie I wrote her but she didn't answer feel she is functioning I keep hearing her name. Tell her to write.

You have seen the Brother and so I suppose the news you mentioned you two discussed. One thing - the Red Guard manual he was very pleased when you mentioned it so please pass it on as soon as you get it also he said any other literature.

The B.W.C. is beginning to form here and

literature or information you can send that they can use we would appreciate it. Also can you get a publication published or any info on The Vietnam's Women Union - Publication - "Women in Vietnam". Back or current copies - U.S. Com. To Aid Nat Lib. of SV. I would also like as always any information on revolutionary women in the world.

The Brother mentioned you working on the fund thing it's Beautiful it is very difficult for any of the units to function without bread.

Oh one more thing what do you know about Carolyn F. background wise or otherwise - person's political affiliations, your personal impressions ect. We are beginning to work together.

Carolyn our Carolyn has done a leaflet which she will probably be sending.

Hope to see you within the next month or so.

Keep in touch.

Yours for Revolution
sister H.
