Dear Mary

The holidays are upon us and I can just picture how busy you must be.

Enclosed is a small token to show you how much we have enjoyed the Christmas Cheers each year and feel fortunate to receive it. I thought you could purchase some stamps for me know your mailing list must be tremendous.

I am once again back in school and have been quite busy carrying sixteen units. I am taking a course in History on India and Pakistan which is most informative and enlightening.

Aiko must be busy too for I haven't heard from her

since last summer.

We are looking forward to
getting caught up with your
growing family and friends
through Cheer.

Best regards,
Louise Okara
