Excuse the mess

Dear Mary

Hoping you & Bill and family circle are fine. Did you ever receive my letter long ago? I enclosed Ricky's address for you.

By now you must have heard from my daughter, Karen. I gave your number to her. She's been staying with my mother since May 16th and my mother had eye surgery on the 22nd May. I forgot to give her your number and just thought of it yesterday.

Anyway, Karen should be returning back to Calif. very soon. She went there to N.Y. to help my mother and at the same time, to try and get a job. But unfortunately, she was unable (so far) to find anything.

My younger daughter, Kathy is planning on visiting my mother in August. Right now she is "trying" to save for plane fare. And perhaps "I" too, will go along.

Mary, "IF" in case we are unable to stay with my mother, is there a chance we can stay

(2)
at your place ??? Im quite
sure we'd be able to stay at my
mother's - BUT - you never know
what holds for the future since
my half sister and her family
might go there. That's why I
want to be prepared for a place
to stay. It will be sometime
in August, either the week of
the 4th or 18th. But I will definitely
know when by the second week
of July. Most likely it'll be for
the week of Aug. 11th but it de-
pends on how much my daughter
saves up since I have to make
reservations 30 days in advance
for this special rate.

Have you heard from Ricky?
We hear from him now & then.

It must be getting hot in N.Y.
now. Well, its Hot in Gardena,
sometime just like N.Y.C. climate.

My regards to Bill

Love

Ronnie
