INDOCHINA

rally · aug 6 · duffy sq · 5:30pm

AN ASIAN COALITION WILL PARTICIPATE IN THE HIROSHIMA DAY DEMONSTRATION BECAUSE:

- * Over one quarter of a million Asian civilians died at Hiroshima and Nagasaki 26 years ago.
- * Asia has since been violated, invaded, napalmed, bombed and raped by the United States forces; and because in Southeast Asia alone over 1.5 million Asians have been tortured, murdered, and maimed in a systematic war of cultural and physical genocide.
- * Because top military officials have continuously supported and sought use of nuclear weapons in Indochina.
- * Because Nixon's "Vietnamization" policy is a cover-up to continue the war by using Asians to kill Asians.
- * Because Asians need to build an Asian voice and demand an end to the oppression of Asian people.
- * Because we defend the Asian people's inherent right of self-determination
- * Because we as human beings we demand an end to genocide, biocide and ecocide

THAT IS WHY, ON AUGUST 6TH, ASIANS WILL MARCH TOGETHER:

- * To commemorate the millions of Asians who have died and suffered because American policy has been based on racism which considers Asian lives cheap.
- * To demand an immediate end to today's Hiroshimas in Indochina; an immediate end to this racist war.
- * To demand an immediate end to today's Hiroshimas in Indochina; an immediate end to this racist war.
- * To demand withdrawal of all American troops and all military support from Southeast Asia.

The "Quiet Asian American" who fails to speak out in these critical times is, by his silence, condoning the American murder of Asian people. It is time to end the silence.
