Dear Mary and Bill,

Again a quickie, with hopes that both of you are slowing down a bit for the hot weather ahead.

Lo and behold, I came across some scribbles which I made at the time I was assigned by the N.Y. JACL group to have a plaque made up in honor of Edison Uno - posthumously. It suddenly occurred to me that it might possibly be of some interest to you, if you've not already a source picked out. At the time, I dealt with a very nice man named Mr. Brown. Who knows, he still may be there at B & R Promotional Products. They did a fine job, as I recall, inexpensively - though I'm sure prices have really gone up considerably by now.

I also am enclosing a few flyers for people who might need fair-priced lodgings. You might send out to the Aiko Herzigs, Dwight Chumans, William Hohri, etc. in the next mailings. Should there be one. Speaking of Hohri, would it be possible for you to xerox his tribute so I can have a look-see? Have you now decided on the size of the album? As I may incorporate some artwork maybe. Am curious as to whether Chol Soo responded. No hurry, but would also appreciate someday a list of the people who are participating. Do hope we'll be going over the 70-80 mark! Walt joins me in sending you both our love, our gratitude. *Michi*
