THINK ABOUT  
AMERICAN-STYLE

# CONCENTRATION CAMPS

DO YOU KNOW that 110,000 Japanese-Americans (70,000 of them U.S. citizens, including babies and young children) were herded into barbed-wire "Relocation" camps under military armed guard for as long as 4 years during World War II and after?

DO YOU KNOW that under the provisions of the McCarran Internal Security Act of 1950, at least 8 concentration camps have already been set up in Pennsylvania, Florida, Oklahoma and Arizona - and YOU may be the next victim?

DO YOU KNOW that the Eastland "Internal Security Act of 1968" is a blueprint for a police state - and that it CAN HAPPEN HERE?

HOW WAS IT POSSIBLE that during a war against Nazism (World War II) a whole group of people from three states were, almost overnight, thrown into these camps? Can it happen at a moment's notice again?

WHAT WAS IT LIKE to live in an American-style concentration camp? How comfortable are horse stables? Come and hear what it's all about.

\* MRS. MARY KOCHIYAMA, ex-inmate of one of the wartime camps, will \*  
\* share her personal experiences with us - and will analyze the implication of the \*  
\* McCarran and Eastland Acts for all of us today - at our meeting \*  
\*  
\* MONDAY, FEBRUARY 3, 1969 at the Lutheran Church \*  
\* 8 P.M. 189th Street & Bennett Ave. \*

You are invited to attend and bring any friend of peace. We will first have a short business meeting, then a report from members who participated in the Pre-Inaugural Demonstration in Washington .. and then listen and discuss with our guest, MRS. MARY KOCHIYAMA.
