

MERRY CHRISTMAS AND A HAPPY NEW YEAR

THE NSO's FE-MAIL

18th Edition

Nisei Service Organisation

December, 1955

DIDJA KNOW THAT.....

...It's time for the NSO to say "Merry Christmas and a Happy New Year" to all you GI's, vets, former hostesses, present hostesses, donors, interested organizations and friends.

...We miss all of you who have gone home, overseas, or moved out of the East Coast. ...We often wonder what you are now doing, in your civilian life or GI duty.

...We hope that many of you might come back to New York for school, work, furlough, or vacation.

...Congratulations are in order to those who have gotten married, have had babies, received degrees, finished schools, found jobs.

...We thank those of you who have contributed that the NSO's work might continue.

...You have all been an incentive which has helped the NSO to carry on and grow.

...We wish each of you the kind of Christmas that will bring you warmth, love, and goodwill, that you may share it with others.
