SUPPORT AND WRITE TO PRISONERS OF WAR !!!

Brothers and Sisters: You can get more details about specific cases when you write the inmates. And hopefully we should not be into a thing of writing only the well known political prisoners.

Because pigs often block mail, sometimes letters will come back to you. This should not discourage you, but encourage us to get through to the brothers and sisters that much harder! Also, the pigs have a habit of moving prisoners from jail to jail without giving anyone advance notice. Again, if letters come back, we should be diligent and motivated enough to try to get the letters (and accompanying Black/ 3rd World literature on the struggle, news in general is ALWAYS welcomed and badly needed) through anyway.
