Dear Yuri

Your letter was most welcome and uplifting. A quick response for now — I have all Bob's letters to me & the family written from prison as well as other things he wrote — press release statements — position papers, etc. We have just now gotten a word processor so will be working on getting materials printed out. He wrote an informative & interesting account of his visit to the USSR in November for the 70th Anniversary.

I think perhaps this
piece I am enclosing
is a good one for the
purpose that you
mention (Jacobine
Books). I will be looking
to see what else may
be appropriate.

Egbal Al Ramani (from
Kuwait) who was with us
on the VB has been stay-
ing with us lately since
Bob's death. We had be-
come very good friends
as a result of our Cuba
experience. He recently

returned to ³Cuba last
month to attend a
Conference of women of
the Americas. She was
able to give an envelope
to Assata with info on
Bob and the latest
Sedition Committee news-
letter. She also got some
good photos of Fidel when
he addressed a session
of the conference. Egbal
has completed her doctorate
at the U. of N. H. and will
leave shortly to teach at
the Univ. of Kuwait. She
sends greetings to you.
I received a very nice

⁴
Card from Teresa Walsh
in response to a note I
wrote her.

For a "quick" note
this is becoming a bit
lengthy! I am preparing
to leave for Boston to
attend a slide presentation
of the V.B. presented by
Susan Ratgard from N.Y.C.
Egbal, Michael, my daughter
Daryn and I are going
& stay over for a demo in
the a.m. in connection w/
the Anti-abortion groups
that are getting all the media
attention lately! Hasta luego
