

CLUB 100

# 40th Anniversary

1942-1982

*A Pictorial Report*

June 30 - July 4, 1982

HONOLULU, HAWAII, U.S.A.

## THE PRESIDENT'S MESSAGE

I am still overwhelmed by the response of the club members and wives in supporting the 40th anniversary reunion. The participants in each event far exceeded the original count.

The subcommittees who planned and coordinated all the activities did a tremendous job of making the reunion an enjoyable occasion.

The photography team took excellent photos of each function and an extensive album is now being prepared. Members who want prints will have an opportunity to order them.

Many thanks must be extended to all those who were instrumental in the success of our reunion: business friends who contributed beautiful floral bouquets, our 34th Infantry Division friends who scheduled a Hawaiian tour, Mr. R. Czimmer's exotic food, and the Southern California chapter members and their wives for their attendance and donation of fruits.

Stanley Nakamoto  
President

## EDITOR'S NOTES and COMMENTS

By Donald Kuwaye

Please permit me to congratulate the members, wives, and special friends for participating in the 40th anniversary reunion activities from June 30 to July 4. Although weeks have passed, I am still receiving favorable comments of the celebration.

On behalf of club members, I want to thank every committee member and participant who was instrumental in the organization and implementation of the activities. The countless hours and boundless energy dedicated to the effort made the reunion an unforgettable experience.

To club president, Stanley Nakamoto, thank you for your contributions: the floral bouquets donated by your business friends and air conditioning especially installed for the evening transformed ordinary Turner Hall into a beautiful comfortable tropical splendor.

This special pictorial issue is a re-creation of our memorable 40th anniversary celebration. Included are excerpts from poignant speeches at the July 3rd banquet and July 4th memorial service. They were printed for those who were unable to participate and those in attendance who wish to recall the messages by five wonderful people who spoke from their hearts.

Several photos capture some highlights of the affair and memories of comrades. Among them is the cover photo of the past presidents of Club 100. One of the five former presidents absent was Dr. Katsumi Kometani, the first president, represented here by his widow, Asayo.
