Gentlemen:

I am doing a research paper on the Asian community in the New York area. I would appreciate receiving any information you may have pertaining to Chinese Americans both in New York (particularly in the Chinatown area) and on the national level, if available. Material covering such areas as employment, housing, education, immigration, economic status, etc. would be especially helpful.

If material of this kind is not available from you, I would appreciate your advice as to where such information may be obtained.

Thank you for your kind help.

Sincerely yours,

(Mrs.) Susan Humes
